**COMMENTS INVITED ON APPLICATION OF SBC LONG DISTANCE, LLC,
D/B/A AT&T LONG DISTANCE, TO DISCONTINUE DOMESTIC
TELECOMMUNICATIONS SERVICES**

WC Docket No. 07-122
Comp. Pol. File No. 804

Comments Due: June 28, 2007

Section 214 Application

Applicant: SBC Long Distance, LLC, d/b/a AT&T Long Distance

On **May 31, 2007**, **SBC Long Distance, LLC, d/b/a AT&T Long Distance** (AT&T LD or Applicant), located at **1010 N. Saint Mary's Street, #13L, San Antonio, TX 78215**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of a certain domestic telecommunications service throughout the continental U.S. By an amendment filed June 11, 2007, AT&T LD corrected certain deficiencies in its initial application.¹ Accordingly, AT&T LD's application is deemed complete as of June 11, 2007.

AT&T LD, an affiliate of AT&T Inc., indicates that it currently provides Enhanced Toll Free Service (ETFS), which allows customers located throughout the continental U.S. to define how incoming calls are handled, routed and billed. However, AT&T LD states that AT&T Inc. is streamlining its service portfolio and that AT&T LD accordingly no longer plans to offer these services to new customers in the continental U.S. on or after July 9, 2007, subject to Commission authorization. AT&T LD maintains that it will continue to provide ETFS to existing customers until their existing contracts expire or are terminated. AT&T LD states that there are many alternative providers of toll free services, including but not limited to AT&T Corp., and that a comparable service will be provided by another affiliate of AT&T Inc. if this application is approved. AT&T LD represents that it notified affected customers of the proposed discontinuance by letters sent via U.S. Mail on May 25, 2007. Finally, AT&T LD asserts that it is non-dominant with respect to the service it proposes to discontinue.

In accordance with section 63.71(c) of the Commission's rules, AT&T LD's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public

¹ The application was subsequently received in the Competition Policy Division of the Wireline Competition Bureau on June 8, 2007, and the amendment was subsequently received on June 12, 2007.

notice, unless the Commission notifies AT&T LD that the grant will not be automatically effective. In AT&T LD's application and notice to its customers, AT&T LD indicates that it will no longer offer this service to new customers on or after July 9th, subject to Commission authorization, and that it will continue to provide service to its existing customers until their existing contracts expire or are terminated. Accordingly, pursuant to section 63.71(c) and the terms of AT&T LD's application and notice, absent further Commission action, AT&T LD may cease to offer service to new customers on **July 14, 2007**, and may terminate service to affected customers in accordance with its filed representations. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **June 28, 2007**. Such comments should refer to **WC Docket No. 07-122 and Comp. Pol. File No. 804**.
